

Michelle Matt's Family Daycare

Michelle Matt's Family Daycare offers a nurturing, family-centered environment where children thrive through fun and educational experiences that promote growth and happiness.

Michelle Matt's Family Daycare is a warm, inviting space designed for children to feel at home. Our family-centered approach focuses on fun, educational experiences that foster growth and happiness in every child. We provide you children with the opportunity to foster their own growth and grow beyond their expectations.

As an in-home daycare, we are able to provide a loving and nurturing environment, imitating what children need and get from their time at home with their own families. We offer an organized, safe, and secure place for your children that they will love going to and nourish from.

PERSONAS

37 and 35 year old couple with a 3 year old child, who are expecting a new infant in 6 months.

Young newly wed couple with their first child. Have never used child care services before.

Family who lives down the street and have a school-age child. They both work and need somewhere to send them during the summer.
